CO. TREASURER'S OFFICE ROBBED THURSDAY P.M.

Robbers Secured Ten Dollars Worth of Postage Stamps and a Few Pennies.—Entrance Through Front Door.—No Cries.

County Treasurer George Harrison's office was robbed sometime during Thursday night, the culprit or culprits securing ten dollars' worth of postage stamps and the few pennies that were left in the cash drawer. If any attempt was made to blow the safe, there was no indication of it. The cash drawer was broken open with a chisel or other heavy instrument, and entrance to the office was made through the front door, which also was pried open. Nothing else in the office was molested, although a stack of warrants was lying on the bookkeeper's desk, opposite the cash till which was rifled.

In view of the fact that many people are now paying their personal taxes to avoid having their names included in the delinquent personal tax list, the robbers must have been laboring under the impression that there would be considerable money on hand in the office; but it is the custom of the office to bank every afternoon all collections of the day, and real money is never kept, even in the heavy safe, in any considerable amount.

Deputy Sheriffs Wright and McPartridge got busy on the matter, and by noon had arrested Oscar Coffey, 17-year-old son of Poundkeeper Coffey, and another 16-year-old boy by the name of Garvey Vestal, who

admitted their guilt and showed the officers where the stamps and coppers were hidden. They said that they had attempted to get into T. F. Allen's store, at Second and Evergreen, and Taylor Brother's store on Main street, but failed. They succeeded in getting into W. J. Carpenter's store, and stole a flashlight, and probably other things. They admitted also that they got into Fred Braun's meat shop a few nights ago and stole a flashlight and some cartridges, and that on Monday night of this week they had stolen the little Davidge boy's bicycle from in front of the post office.

The bicycle in question was found in County Attorney Turnbull's yard this morning, and Mr. Turnbull reported having seen the two boys arrested in front of the Treasurer's office last night. These clues put together gave the officers something to work on, with the above results. The boys, it is said, have a lot of

loot hidden out, and they are said to have been the perpetrators of many minor robberies that have occurred recently.

Before Judge Hatchett, Tuesday of this week, the boys both entered pleas of guilty and were sentenced to the Granite reformatory for two years each.

ATTENDANCE AT COLLEGE LARGE

Fifteen More Boarding Pupils Than at Any Time Last Year, and More Coming in Every Day.—Tax the Capacity of the School.

According to President W. B. Morrison of the Oklahoma Presbyterian College for Girls, the attendance of pupils who board at the dormitory was fifteen greater than at any time last year on the opening day this week, and more pupils are coming in every day. Exact figures on attendance from all quarters were not available at the time this item was prepared, but it is safe to say that the number is far ahead of any previous year.

The large number of pupils who expect to board and room at the college is taxing the accommodations of the dormitories to the limit, Mr. Morrison says, and much farther increase this year will make the new dormitory, for which \$10,000 has been pledged locally, an immediate necessity, if all are to be properly cared for by the institution.
